CITY COUNCIL MEET

The regular meeting of the City Council was held on Thursday evening last, with His Worship Mayor G. W. Smith in the chair, and Aldermen Lord, Galbraith, Stone, Collison, and Campbell in attendance.

CORRESPONDENCE

James P. Laird informed the Council that he had sold his home to A. E. Townsend, and asked that part of business tax be rebated.

Granted on motion of Aldermen Lord and Stone.

The City Solicitors wrote if they collected small accounts of business tax they would expect the regular commission of ten per cent.

Ald. Lord thought the solicitors should collect at the regular rate agreed upon with the Council, viz. five per cent.

Ald. Stone thought as the amount to be collected was under one hundred dollars there would be nothing in it for the solicitors at five per cent.

The secretary-treasurer reported the by-law voted on Monday of last week was carried unanimously.

High River asked the City for method of conducting weigh-scales on streets.

The Solicitors handed the City two cheques amounting to \$779.48, 1918 taxes owed by La Corporation Episcopal on property in the city. The Council agreed to stay proceedings until June, 1919.

A letter was received from John T. Starling, fuel administrator for Alberta, asking the City for local organization of citizens to deal with the purchase of coal for next winter's supply as there will surely be a shortage of coal and cars to haul same next fall and winter. The circular urged upon the council to take action at once. To urge upon citizens to lay in a supply early, and asking that a fuel commissioner be appointed by the Council.

After some discussion, the Council agreed to appoint a fuel commissioner. The Council agreed to appoint a fuel commissioner.

COMMISSIONER'S REPORT. The Council, City of Red Deer, Gentlemen.—We submit our regular report as follows:

Forehand Jones returned to duty to-day and we will now be able to get on with some repairs that are needed. The approach to the traffic bridge over the river will be repaired at once and Mann St. bridge replanked.

We are having part of Englewood fenced in to save the hay. We had about enough wire from the City square and the stock yards approach, cut posts from the dead spruce in Gaetz Park and purchased 350 willow posts from L. M. Gaetz, so that the actual cost will not be much. Ald. Day kindly went over the land with us and advised that it would pay to fence the land for hay.

We submit prices quoted on coal and recommend that at least one car be purchased immediately. We looked over the storage question with Chief Taylor and find that one car can be stored in the coal bin and in a shed we can build adjoining the coal bin outside the building. Next winter we should have the excavation under the fire hall enlarged which will provide plenty of coal storage room. This work can be done by the permanent employees during inclement weather at little cost. Last year the excavation on the west side was enlarged and provided a good work and tool room.

We have had the treasury bills printed and the declarations will be sent to Canada Bond Corporation tomorrow so that the bond sale should be completed before long.

We regret that, owing to Engineer Dave being out of town since last council meeting, we were unable to do anything regarding the water connection to the houses on Poplar Road. The matter will be taken up with him as soon as his services are available.

Our solicitors are looking further into the question of the liability of the City for repairs to certain sidewalks. In the meantime they advise that no work be done by the City on them.

The complaint of a house of questionable character being established in the City was attended to promptly on being brought to our attention, and the parties advised to leave Red Deer, which they did.

Samples of milk from Hopworth and Trimble milk routes were tested on 17th inst., milk tested 3.7 and cream 25.

It will soon be time to obtain additional grounds for cemetery purposes as at the present rate of burials the lots will all be taken in about two years. We will ascertain what adjoining property is suitable and available for this purpose.

We submit accounts for your authorization to pay.

We submit for your consideration a by-law to authorize the signing of transfers to lots sold to F. Annett and F. W. Galbraith.

All of which is respectfully submitted.

mitted.

G. W. SMITH,
A. T. STEPHENSON,
Commissioners.

The report was adopted.

The following accounts were presented and passed:

J. Newson \$ 7.70
Imperial Bank 2407.20
John McLeod 3.70
T. J. Deegan 12.53
Imperial Bank 4.85
Imperial Bank 453.98
Bank of Montreal 401.20
Payne & Graham 12.30
Munro and Baines 36.35

Mr. Dave being present, the matter of the C.P.R. water connection was taken up.

Mr. Dave said he was sorry this trouble had occurred. He said he had no intention of taking the offer of the C.P.R. He claimed he was there to protect the interests of the city, and therefore ordered the removal of the tank, otherwise it might have fallen and killed several men. He dare not take the responsibility. It was under his direct supervision, and he had to do what he did. It was the hardest work he had ever undertaken of this nature, and he would rather do work with a pick and shovel at 40c an hour than repeat it. Of course, he thought the C.P.R. were going to pay all expenses.

After some discussion in which the Council felt that they had been rather badly treated, the following motion was passed: Moved by Aldermen Collison and Galbraith, the account of Mr. Dave and the account of the work ordered by him be assumed by the City. Carried.

The by-law authorizing the sale of treasury notes was read a third time and made law.

A by-law transferring certain lots to Messrs. Annett and Galbraith passed its several readings and was finally passed.

Ald. Galbraith said he had attended the School Board and he had read the letters were read from all parts of the province stating that teachers' salaries in all parts were increased, and yet here we were with the commissioner who only received two thousand dollars a year. Before the war he received twenty-five hundred, and he had willingly agreed to have his salary reduced. He would, if the Council would agree with him, move that the Commissioner be given a bonus of \$100 a month to the end of the year.

Commissioner Stephenson said he could not at this juncture accept any increase in his salary. He could not, in justice to the other employees of the city and other reasons. He paid a high tribute to the splendid men in the city employ, especially Foreman Jones, who was a very capable employee. There was a general expression of opinion that salaries were too low.

Ald. Galbraith brought in a resolution that Ald. Campbell and Collison take up the question of salaries of our employees with the Commissioners and report at next meeting of the Council.

Mr. Rutledge, of Calgary, through his lawyer, wrote for particulars regarding what had been done regarding his property on Michener Hill.

This question was considered so important that it was referred to the solicitors for a reply.

Council adjourned at 10:50 p.m.

SALVATION ARMY.

A special musical program will be given in the Salvation Army (Humber Block) on Friday next, July 5th, when Adjutant and Mrs. Larson, who will be accompanied by their two children, Benne and Ebba, will give a number of musical items. Solos, songs, and baritone solos, duets. A special invitation is extended to all Scandinavian people, as Adjutant and Mrs. Larson are Scandinavian officers. Come and hear this musical treat, admission free. Friday next.

Burnt Lake will be visited by Adjutant and Mrs. Larson and children on Sunday next at 2:30. These Scandinavian Salvation Army officers will give a musical program on string and brass instruments, rendering solos, songs, etc., in both English and Scandinavian. Will the people of Burnt Lake and district make a special effort to welcome these comrades.

The opening of the new Salvation Army Club, Red Deer, has been fixed for Saturday and Sunday, July 13th and 14th. The opening program is now completed, and it is anticipated that the opening services will be of a very successful nature. Colonel Turner, the Secretary for Canada West will be in charge, assisted by Brigadier and Mrs. Hay, and other visiting officers. The local corps has also been successful in securing the services of the Calgary Salvation Army Choral Sixty Band for the Saturday and Sunday. This feature will undoubtedly be a splendid attraction. A full list of the service will be announced next week.

CORRESPONDENCE

MR. BROUGHTON AND CLEAN PICTURES

To the Editor of The News.

Sir.—In reply to the slanderous remarks by Rev. Broughton on different occasions against the Lyric Theatre and its management. He states that if the theatre was confined to clean pictures it would go out of business.

Now this is a dirty slander against all the people of Red Deer, women and children included, who from time to time visit the Lyric Theatre for an evening's amusement.

He states that unclean photo-plays are the kind that keep a theatre from going broke, and are the kind the people want.

Now, let me state that Mr. Broughton is in no position to make these insulting remarks, because he has never viewed a photo-play at the Lyric Theatre under my management. His opinion is formed at long range, looking at the posters displayed outside the theatre. We have people who attend our theatre several times a month and see the photo-play on the screen as well as the posters, and I venture to say that many could be found that would say that many of the photo-plays shown at the Lyric Theatre are as good as a good sermon.

Mr. Broughton's information, does he not know that Howard Douglas, head censor of Edmonton, is employed by the government to screen every head of pictures that are shown at any theatre in Alberta? The chief censor and his assistants censor hundreds of reels of pictures every month, and are in a much better position to judge a good picture from a bad one than Mr. Broughton, who only forms his opinions from a poster. Mr. Broughton appears to think himself a twentieth century wonder with the ability to judge an article by looking at it from the outside. Let me remind him that many a man made the mistake of his life by trying to judge an article by its outside appearance.

Mr. Broughton states that many of the prominent men of the city, members of the churches, were afraid to declare themselves on a moral issue.

I challenge Mr. Broughton to prove his remarks about the Lyric Theatre.

In fact, if he can prove the mere insinuation he has made, I will give fifty dollars (\$50.00) to any charitable institution in Red Deer.

Remember, Mr. Broughton, I challenge you for the proof.

E. A. TOWLE,
Manager, Lyric Theatre.

A CHANCE FOR OUR LOCAL AUTOMOBILISTS

To Win A Silver Challenge Cup.

The automobile clubs of the province are taking an active interest in the contests in connection with the 8-15-Three silver challenge cups coming. Edmonton Exhibition, June 13th; Court May of Edmonton has offered a challenge cup to the club which brings to the Exhibition the greatest number of cars to the club.

The Edmonton club is debared from competing for these cups.

We are informed that the entries in the live stock departments for the Edmonton Exhibition are expected to be very large. This year for the first time, there are three entries in the class for six-horse teams.

Excursion rates of fare and one third for the round trip are in force.

Special one day excursions have also been arranged for the convenience of those whose work does not permit their being away from home for any length of time.

The Edmonton Exhibition management will have an information bureau at the corner of 10th and 11th streets, where visitors from the country; here baggage and parcels may be checked free of charge, rooms secured in private homes or boarding houses, and general information obtained.

PARCELS TO PRISONERS OF WAR

A notification has been received from the British authorities to the effect that the parcel post service for prisoners of war in Turkey or Bulgaria is at present suspended. Until this service is resumed no parcels can be forwarded to prisoners of war in Turkey or Bulgaria, and persons desiring to help prisoners of war in these countries are advised to forward remittances to them. These can be sent by means of Post Office Money Orders, which are issued free of commission. Particulars as to how to proceed may be obtained from Post-masters or Accounting offices. BOWLING ON THE GREEN.

A meeting of all the citizens of Red Deer who are interested in having a Bowling-on-the-Green Club in Red Deer, are asked to meet in the City Hall on Wednesday (this) evening, at 8 o'clock sharp. Men and women, young and old, can enjoy this splendid game together, and are invited to the above meeting.

SYLVAN LAKE

There will now be a general movement towards Sylvan Lake, and our beautiful summer resort is looming up large on the horizon to a large number of citizens. W. J. Stephenson and family, E. G. Johns and family, John Quigg and family, H. H. Humber and family, Mrs. Bishop and family, Mrs. P. W. Galbraith and family, Mrs. Spillard and Miss Sallie Spillard, have all taken up residence at the Lake. E. M. Kane and family, of Edmonton, James Duncan, and family, and Mr. Morrison and family, both of Edmonton, have also taken cottages there. As every cottage is rented from first of July, there are many more at the Lake whose names we have been unable to secure.

Mrs. A. T. Stephenson and family went out on Monday.

SOUTH ALBERTA TO RAISE \$455,000 FOR RED CROSS

THREE SOUTHERNCITIES PLEDGE THEMSELVES TO RAISE \$235,000 OF THIS AMOUNT.

Red Cross workers all at raising \$455,000 south of the Red Deer river for the year ending October 31. This was the decision of the meeting of three executive members of the Red Cross for the province and the members of the legislature representing ridings in this part of the province.

It was decided also that this sum will be raised without any special drive or spectacular campaign. The movement will proceed before, except for a little additional vigor.

At the meeting at Calgary on June 20th, R. B. Bennett, Mrs. Waagen, and Miss Pinkham were present from the Red Cross, and the following members were at the meeting: J. A. McNeil, Acadia; A. Ross, Central Calgary; Martin Wolfe, Cardston; C. W. Fisher, Cochrane; H. P. Atkins, Didsbury; Major Eaton, Hand Hills; Dr. Stanley; High River; D. Morkeberg, Hainfall; James McNaughton, Little Bow; George Skelding, Macleod; James Weir, Nanton; George Hoadley, Okotoks; John Komms, Pincher Creek; Captain Pringle, Redcliff; A. McLean, Taber; Frank Leffingwell, Warner; E. Michener represented Red Deer as there was no member to represent the constituency.

Mr. Hoadley was appointed chairman and Mr. Davidson secretary of the meeting.

After some discussion it was decided that South Alberta should be divided approximately according to constituencies, and each riding should aim to raise as much or more than had been assessed against it for the patriotic fund in 1917. The city of Calgary will raise \$175,000, Lethbridge \$30,000 and Medicine Hat \$30,000. The other parts of the district will aim at \$227,000.

It was decided that active members receive badge, life members a button, and active members a window card.

At a meeting of the executive of the Red Deer Red Cross society last Thursday afternoon, Senator R. Michener was appointed to organize Red Deer constituency, with a working committee of E. J. Campbell, F. W. Galbraith, E. G. Johns, and J. A. Carwell.

This committee will work with the finance committee of the Red Cross society to raise funds to help on the good work.

Sensor Michener brought in the following report of the Calgary meeting:

"Permit me to thank you for the honor of representing this branch at the Southern Alberta meeting—held in Calgary at the Palliser Hotel, on Thursday 20th inst. There is no work that we can do at home to help the great cause of the Allies, especially of our own Canadian boys at the front more than in connection with the work of the Red Cross.

The President, R. B. Bennett, K.C., in the chair, Miss May Pinkham, honorary treasurer, and Mrs. C. B. Waagen, honorary superintendent of duties were present. The meeting was attended by the members of the Provincial Legislature from Red Deer and the southern boundary of the Province.

The Provincial officers present gave an interesting account of the great work of the Canadian Red Cross and the part the Alberta Branch contributed to the work. Last year Alberta \$372,124.48 was raised. Of this amount \$18,244.13 was spent for supplies, from which 1,100,000 articles were sent overseas.

This year, owing to the fact that the Patriotic Fund was no longer a charge upon individual generosity, it was thought we should raise in the Province of Alberta \$500,000 for the Red Cross work.

As a help to organization for the raising of this large amount an estimate was placed upon each Provincial constituency. Red Deer district was asked to raise \$12,000; this amount includes the amount used for the purchase of supplies.

Encouragement was given for each local to use as much of their appropriation for supplies as possible as the articles provided greater comfort and service to the soldiers than anything else.

It was urged that each Provincial constituency organization, organized as many branches as possible as auxiliaries to central organization. At Red Deer we have a different locality throughout the Red Deer district raise considerable money, also do a lot of work, yet have no proper organization. Some of the places report direct to Calgary. It was suggested that a systematic constituency organization be undertaken as far as possible. It was the opinion of the meeting that it would not be necessary under present conditions to prosecute

a drive to raise the amount asked for, but it was suggested that a membership campaign would be desirable, as a means of interesting more people directly in the work of the Red Cross, as well as augment the funds of the society.

It need not emphasize the noble work of the Canadian Red Cross as an auxiliary to the Army Medical Corps, in helping to care for the wounded Canadian soldiers at the battle front, providing comforts and necessities to all our prisoners of war, in giving special help to hospitals in both France and England, as well as Military Hospitals in Canada.

The following are the reasons set forth by the Provincial executive why we should contribute to the Canadian Red Cross society:

1. Because the duty of the Red Cross is to care for our sick and wounded soldiers. The society acts as an auxiliary of the Army Medical Corps, bringing to the wounded soldier comfort, supplies and special care which he could not have otherwise.

2. Because no army medical service, however efficient, can meet the demands made upon it by the terrible conflicts of modern warfare, and looks for assistance to the Red Cross society.

3. Because the needs of the society are increasing rapidly. Today the Canadian Red Cross is assisting 50,000 Canadian wounded. Last year, at this time, only 23,000 wounded required help.

4. Because special help is required by our soldiers in France. The Canadian Red Cross agreed to hand over 5,000 cases of supplies a month to the French Red Cross. This gift has been reduced to 2000 cases a month, owing to the shortage of supplies.

Increased quantities of supplies are required, but the price of raw material out of which supplies are made has risen 100 per cent.

5. Because the Canadian Red Cross is solely responsible for the welfare of all Canadian Prisoners of War in Germany. Over \$600,000 a year is required for this work alone. These figures are increasing constantly.

6. Because the Canadian Red Cross in addition to maintaining an increased number of hospitals, convalescent homes, recreation huts, and supply depots, also to continually increase and keep in repair its transport system.

7. Because the Canadian Red Cross is assisting all Military Hospitals in Canada. This means an increased expenditure, but it means increased comfort for our returned men. Comforts and equipment amounting to many thousands of dollars have been donated by the Alberta Red Cross to hospitals in this Province during the past six months.

8. Because the money is required for the upkeep of our information department which enables for the personal welfare and comfort of every wounded Canadian in hospitals, provides visitors for the men, drives, entertainments, fruits, flowers, home newspapers, parcels of special supplies and keeps up the morale and aids to the confidence of the wounded.

9. Because the usefulness of the Red Cross is determined by the generosity of the Canadian people.

PENHOLD

Mrs. Zajic, with her two children, left last Tuesday to spend a few days with her sister, Mrs. Barton, at Hanna. Mrs. Tonhove returned from Calgary last Tuesday.

The Horn Hill picnic, which was to have been held on Wednesday, July 3rd, has been postponed until Wednesday, July 17th, when it will be held on the grounds of T. Well's home. Keep this date free.

Tom Lothbald is home again, having obtained his discharge.

Miss Dorothy Brown, of Innisfail, finished up her holidays with a few days in Penhold, spent with her friend Miss Winnie Stignes.

Austin Reeves, caught the special train on Saturday for the Calgary Exhibition. Jack Robinson and Reg. Brooker went on a later train.

Stewart Bros. have taken over the agency for the Overland car, they have already placed one with Bill Douglas.

Last Friday there was a very large turn out at the social meeting of the Young People of the Presbyterian Church and a most enjoyable time was spent in games and songs.

There will be two dances held this week in the district. July 3rd, a dance will be held at Bethune's Barn, with Boodies' orchestra in attendance. Admission 50c, proceeds to buy boxes for the boys at the front. Also on July 5th, a dance is being put up by the Women's Institute in Wm. Douglas' Barn in aid of the Red Cross. The young ladies promise a real good time to be sure, and all turn out. Tickets \$1.50 a couple.

A little bringing up party in the form of a picnic was held in the school grounds last Thursday, and was much enjoyed by the children. A vote

of thanks and three cheers were given to their teacher, Miss Munro.

Miss Munro left on Friday for a few days at her home in Red Deer, before going to Edmonton, where she will attend the summer school.

Next Sunday, July 7th, Archdeacon Dewdney will conduct evensong service at the Anglican Church at 3 p.m.

It is quite a time since we had the pleasure of having Rev. Dewdney with us, so we want all to make a special point of turning out to welcome him.

Last Sunday Rev. Fulton preached his final sermons in the Presbyterian Church before leaving for Ireland. Very large congregations were present at both services. It is with great regret that we have to part with such a fine man and our very best wishes will go with him during his journey, and in his new work, wherever he may be.

The Rev. McDunnough will take up the work of the Presbyterian Church here in Penhold, and he is expected to be here in time to take the services next Sunday. All are asked to be present to give him a hearty welcome. Services as usual, Sunday school at 10:30, morning service at 11:30, evening service at 8 p.m.

The Young People will meet as usual on Friday.

The next meeting of the Red Cross will be held at the home of Mrs. Dick Le, on Thursday, July 11th. All members are asked to be present.

Mrs. Walker wishes to acknowledge on behalf of the Red Cross a donation of \$48.00 from Katherine Bethune and Isabel MacKenzie, which was the proceeds from the dance they gave last week.

Alfred Hives met with a nasty accident last Tuesday when he slipped off a wet platform at the Industrial school. He has badly fractured his right arm, badly scraped his other arm, and gave his back a twisting. He is recuperating at his mother's. Mrs. Hives also had the misfortune to drop a meat chopper on her toe, which is giving her a good deal of pain.

Miss Little, the teacher at West-holme, went east last Saturday to spend her holiday at home.

Mrs. Sid Lewis is spending a week or two with her sister, Mrs. Caldwell, at Hill End.

EDWELL AND DISTRICT

At last some rain has fallen and everybody is smiling again.

The next meeting of the Red Cross Sewing Circle will be held at the residence of Mrs. Rector.

Don't forget the U.F.A. picnic on Tuesday, July 9th. The Red Cross Sewing Circle are holding a special sale of work, so everybody be prepared to buy something, and bring their pocket books well filled. Among other attractions will be an Aunt Sally, the proceeds going to the Prisoners of War Fund. It is expected that Mr. J. Stauffer, of Olds, will be among the speakers, so everybody turn out and help make it a success.

The Grass Lake Red Cross Sewing Circle held a very successful and busy meeting at the residence of Mrs. H. Gulliver last Thursday, when a large number attended.

Mr. Mulvey, Inspector of the Standard Truck Company, was in the district, looking up the Company's holdings here.

FORMER CZAR MURDERED BY BOLSHEVIKI

REPORT OF ASSASSINATION OF
NICHOLAS CONFIRMED
BY KIEV DISPATCH.

Paris, June 27.—A dispatch from Kiev under date of Wednesday, June 26, declares that the report of the assassination of Former Emperor Nicholas of Russia has been confirmed. It is declared he was killed by Bolshevik troops during their retreat on Yekaterinburg.

The Kiev message was received at Basel, Switzerland, and forwarded here by the Havas correspondent in that city.

RUMOURS CIRCULATED.

The report of the assassination of Former Emperor Nicholas was received in Copenhagen through Stockholm on Tuesday, although it appears that rumors that the former emperor had been killed by the Bolsheviks had been circulating in Russia some days previous. The Copenhagen message quoted the Russian newspaper Vija as saying that Russian Red Guards had murdered the ex-emperor in his residence at Yekaterinburg.

An Exchange Telegraph dispatch from Moscow, dated Friday, June 21, and received in this country on Wednesday, declared there was no foundation for the rumors of the assassination and despatches from German sources last week reported that the former emperor was not at Yekaterinburg, having been removed to Moscow for safe keeping.

ROYAL FLYING CORPS TO ENLIST BOYS UNDER 20

RESERVES CREATED FOR BOYS
OVER 17 YEARS AND SIX
MONTHS, UNDER 20

Capt. M. G. Dover, in charge of recruiting for the Royal Flying Corps at Calgary, commenced a campaign for recruiting of Royal Flying Corps reserves, boys over the age of seventeen years and six months and under twenty years of age. These reserves will be given cards showing that they are in the service and will be called up for active service at the training camp inside of six months after enlisting.

Capt. Dover calls attention to the fact that all men under nineteen years and over thirty-four years of age are eligible for mechanics in the flying corps, as well as those men who have not been called under the Military Service act, although of that age. The instructions that are sent to all recruiting committees throughout Canada are as follows:

ENLIST MORE MECHANICS

Owing to the creation of a new unit in the Royal Air Force, Canada, it has become necessary to enlist more mechanics. Men who come under the Military service act, including nineteen-year-old class, can only be accepted if they have not yet been ordered to report by the registrar of their district. Only men who are in Medical category 'B' can be accepted, and these must be skilled in one of the under-mentioned trades:

Unskilled men, or men with little experience may be enlisted for miscellaneous labor: Acetylene welders, blacksmith, boat builder, camera repairer, carpenter, cooper, draughtsman, electricians, fitters, fabric workers (tailmakers), hospital orderly, instrument repairer, millwright, magnet repairer, motor body builder, motor boat coxswain, motor cyclist, miscellaneous labor, photographer, rigger (aeroplane), tailor, tin smith, turner, upholsterer, vulcanizer, wireless mechanic, wireless operator.

PROMOTION IS SPEEDY.

The rates of pay are from \$1.10 per day.

Promotion in the Royal Air Force for mechanics is quicker than for any other branch of the service. Separation allowances, where admissible, are at Canadian rates, \$25.00 per month.

The mechanics ranks of the Royal Air Force have proved particularly attractive to tradesmen in the past, as it permits them to not only serve their country in the most useful way, but to keep in touch with their trades.

All applications for mechanics should be sent to the recruiting office, Royal Air Force, J. A. Carawell, Red Deer, and should be made direct by the man. He should state in his letter all particulars concerning himself and his mechanical experience.

KERENSKY TO GO TO FRANCE AND ON TO AMERICA

WILL SEEK HELP AND RECONSTRUCTION FROM THE ALLIES.
FOR RUSSIA.

London, June 27.—Alexander F. Kerensky, the short-lived dictator of Russia, whose sudden appearance before the British labor conference yesterday startled not only the labor men, but the British public generally, looks toward America as the goal of his journey. He hopes to be received there as the spokesman of his countrymen and plead the cause of the new Russian democracy.

Today Kerensky has promised to address the labor conference. Within a few days he will go to France and thence to the United States. His friends say the former premier does not like the word "intervention" in relation to allied aid to Russia, but prefers the phrase "help and reconstruction."

How Kerensky escaped from Russia and how his comrades shielded him from the Bolsheviks cannot be told until the time comes. That probably will be when they will not be endangered by the revolutions. At present he is evading all unwanted visitors.

SURPRISED LABOR MEN.

No conjurer pulling a white rabbit from a silk hat ever started an audience of well-eyed children more thoroughly than Arthur Henderson surprised the labor conference yesterday in introducing Kerensky. Amusement pervaded the meeting hall, to be followed by cheers, as a slight, youthful dark haired and smooth shaven foreign looking man stood up beside Mr. Henderson. Kerensky told the labor delegates that the Russian people, fighting against tyranny now, would soon take part again in the fight against the central powers. The situation in Russia today, he summarized as follows:

One can break the Russian people, but one cannot subdue it."

VIEWS OF LONDON PRESS.

The morning newspapers devote much space in their news columns to Kerensky's appearance in London, but only two of them comment editorially upon the event.

One of these, the Daily Express, de-

scribes the former Russian premier as a man of words, not of action. Few men, it says, have made a more picturesque or a more pitiable mark on the history of the war.

"The democracy of Russia," continues the Express, "needed a voice to become effective. Kerensky could have given it voice, but failed, and the democracy which was based on faith in him failed too. The allies made the mistake of appealing to Kerensky when they should have upheld the authority of the constituent assembly."

The Graphic, on the other hand, sees in Kerensky's appearance in London a welcome sign of possible fresh developments in Russia. It urges allied action in Russia through Siberia expressing the belief that this is the policy of which President Wilson has recently come to accept.

BAD BUSINESS TO EXPECT ANYTHING FROM AUSTRIANS

FRENCH STATEMENT SAYS
THERE IS LITTLE HOPE IN THE
POSSIBILITY OF SUCCESSFUL
REVOLT

Paris, June 27.—Austria is in serious difficulties, but there is great danger in hoping too much from them, says a French official summary, commenting on the situation in the dual monarchy. Little hope is seen in the possibility of a successful revolt. Austria cannot negotiate a separate peace and it would be "bad policy to extend a hand to her now."

"It is admitted in responsible circles," says the statement, "that the news from Austria reveals a very serious and troubled situation in that country, but it would be a great danger for the Allies to exaggerate the importance of possible consequences. Austria has allies who could easily provide the troops necessary to re-establish order if revolts arose."

AUSTRIANS SUBMISSIVE

"The Austrians are submissive and have not the energy to start a strong revolutionary movement. Besides, the two troubling elements in the country could not combine easily. In Vienna the Labor party is German, while in Budapest it is Magyar. Their claims are quite different from the Nationalist claims of the Czech-Slovaks and other races, and no union between them is likely."

"The army itself is never influenced by labor troubles and it is always possible to oppose the latter by mere military force."

"Austria is in no way ready to negotiate separately, but as an ally of Germany, she is only a dead weight. It would be bad policy to extend a hand to her now, for our attitude would be used against the nations which stand against her. It is to our interests to support these nations in their claims."

NEW PEACE MOVE NOT ACCEPTABLE TO U.S. AUTHORITIES

VON KUEHLMANN'S WORDS REGARDERD AS INSINCERE AND PART OF HUN SCHEME

Washington, June 26.—Von Kuehlmann's latest peace offensive is regarded officially here like its predecessors—unacceptable and insincere.

State department and other authorities gave it scant thought or discussion. They did make it clear, though, that the United States will not harken for a moment to such appeals, which apparently has the blunder of Russia as its foundation.

Allied diplomats used it as the text for further urgings in favor of Russian intervention.

As predicted a few days ago, this latest peace offensive is intended evidently to lay the groundwork for concessions in the west, provided Germany could have a free hand in the east.

Its attempt to lay the blame of starting the war upon Russia is considered a palpable foundation for a drive to annex Russia as a Teuton territory, or exploit it under German control.

WHAT THE PRESS RECEIVED FOR ADVERTISING THE VICTORY LOAN.

Various estimates have been made as to the amount the press received from the Government in connection with the press publicity for the Victory Loan, but the actual figures paid were clearly set forth in audited accounts submitted to the Annual Meeting of Canadian Press Association, Inc., held in Toronto on June 13th and 14th.

The total amount paid by the Government for advertising space was \$165,419.51, which was distributed among 1,400 newspapers and other publications. Approximately \$5,000 was spent in the preparation and distribution to the press of a large number of special articles, illustrations, cartoons, etc., which were inserted in the press without charge. The setting of type and making of duplicate plates of the advertisements for the various publications used and the fees paid to the five co-operating agencies for their services cost in the neighborhood of \$37,000, making the total expenditure \$208,169.99.

As the total cost of floating the loan was approximately \$5,000,000, the Government's expenditure on press

publicity represents less than five per cent of the total expenditure. It is interesting to note also that the press publicity only cost one-twentieth of one per cent of the total amount subscribed to the loan.

The press publicity for the loan was handled by Canadian Press Association, Inc., and the officers of the association and its individual members co-operated splendidly in making the campaign a success. During three months last fall most of the time of the President, Mr. J. H. Woods, Calgary "Herald," and the office staff, was devoted to the press publicity campaign, and for several weeks the committee of publishers in charge were in almost continuous session. The individual members, on the other hand, contributed, without charge, space in their newspapers and other publications which, if calculated at their regular commercial rates, would run up to more than the total amount paid for advertising space.

Neither the Canadian Press Association, Inc., as such, nor any of its officers or committees, received any remuneration for their services in connection with the loan, those services being given voluntarily and in the spirit of national service.

"The Albertan (Calgary) cannot understand why the government was not content to permit a man with the principles and ideas and unquestioned ability of Mr. Gairdner to go unopposed. It could rest assured that he would support progressive legislation, and that when he opposed any measure that it would be well to give it further consideration."

THE NEWSPAPER'S PART.

The great agency of war propaganda, says the Mail and Empire, is the newspaper press. In the Entente countries its influence is solidly and effectively exerted for the winning of the war. No more loyal volunteer force is enlisted against the Kaiser than that made up of the rank and file of the newspapers in the British Empire, France, Italy and the United States. In all these countries of officials with high-sounding titles are exercising authority as War propagandists, Censors, Directors of Publicity, etc., but without the spontaneous, constant and intelligent work of the press as an acknowledged Voluntary War Aid Detachment, these officials could accomplish little or nothing. In spite of some of them the press has been a mighty influence in the waging of this war. It has been a power to muster the nation's defensive forces, to stimulate the production of the necessities of war, and to set the greater and lesser fountains of the people's wealth flowing to the national treasuries. It has moved to action Governments that seemed to be immobilized.

But it has more to do. The conversion of public opinion to the war energy that can be made of it is not yet complete. The harnessing of the full Niagara strength of Canada's might as a war power is an unfinished task. Many of our people cannot yet see the difference between effort in war time and effort at any other time, nor perceive that the objects of their labor ought to be different from what they were in peace—that Patriotism should displace Self. The pressure of public opinion must be raised to a much higher point throughout Canada before it becomes the motive force and inspiration that should be driving our war operations. Newspaper service can do more than anything else to get the whole national power turned on. The newspapers of the Dominion must continue to stir the war spirit in every Canadian home. They must keep at it until they have all the people thinking militarily in all their relations. It should be the patriotic craving of every farmer to till more land in order that there may be more food for the soldiers; of the workers in all fields of industry to deny themselves in order to spare more for the men at the front; of the earners to be more thrifty in order to help in financing the war. Newspaper despatches and newspaper articles about the war ought to be assigned to inflame public feeling against the enemy and rouse to fighting pitch the temper of our people from the Atlantic to the Pacific. If the press keeps at it, faithfully reporting and pressing home the news of the war, the Entente countries will keep on reinforcing their armies and finding the means to sustain them.

It is true, the ugly facts of the war situation will not be scared away by newspaper optimism. It is not by

BOLSHEVIKI DOCTRINES FATAL.

"I think the greatest, the most radical, the most idealistic and the most fantastic declaration which any body of men has made has been by the Bolsheviks of Russia," said Mr. Edgar Gomers, the great labor leader. "And they have lost not only the meat from the bone, but the bone itself, and have not even a shadow."

It is announced that Russian plenipotentiaries have been sent to China to endeavor to secure food supplies for the Russian people. Disorganization of industry and agricultural production in Russia under the Bolshevik regime is resulting in famine, starvation and misery. Unless relief is procured and the people settled down, they must perish.

CORRESPONDENCE

MOTORISTS vs. TEAMS.

Edwell, June 26, 1918.

To the Editor, Red Deer News: Dear Sir—The main road from Red Deer to Banff, to the Lake passes through here, and I think it is time something was done to stop the speeding of motorists passing this way, especially on Sundays. Before coming into Edwell, there is half a mile of grade with muskeg on either side, which the L.D., with its usual agility and foresight have built (in common with other grades in the country) just wide enough for one team to travel at a time. Now, Sir, these motorists rush across on either side of the road, and the teams coming in the opposite direction and the teams have to be forced into the ditch. I thought the rule of the road was that each vehicle was entitled to half the road, but it seems to me that the motorists consider themselves entitled to the whole of it.

Now, Sir, every Sunday the residents here are in the habit of attending church and Sunday school, and it is not everybody's horses that are accustomed to motor cars, and it does not seem right to me that one can only drive to church at the risk of being killed by a motor car. I think (which in many cases is no more than a risk) an accident on these roads. These motorists forget that at one time they were thankful for a team or two, and a horse and a wagon drive perhaps 50 miles to sell their butter and eggs, but having made money, in many cases out of the present war, they have acquired swollen heads and consider that everybody else has to get out of the way.

I would like to say that we in the country pay taxes for the upkeep of the roads, whereas the motorists contribute nothing, therefore we have a better right to the use of the roads than they. Something should be done, and at once, as we are entitled to drive along the roads without having to risk our limbs and perhaps our lives.

These road hogs are not content with driving off the head of the road, but they also go on to the ditches and muskeg, but add insult to injury by going on their way laughing and jeering at our predicament, thinking they have perpetrated an excellent joke. It would be as well for these people to make themselves acquainted with Sections 25, 26, and 27 of the Motor Vehicles Act. I am, dear Sir, yours truly,

F. J. POWELL.

BILLIARD HALL DISCUSSION.

To the Editor of The News. Dear Sir—Since reading an account of the recent Social Service meeting in regard to the billiard halls, I have decided to ask you the favor of space in your paper to give a few facts which might be of interest to that part of the public who are taking an interest in the matter.

To begin with, I would like to say that to my knowledge there is no gambling being carried on in any of the billiard halls in Red Deer. In days gone by, no doubt there was, and this is where the bad name in this regard comes from. I will venture to say that 9 out of 10 of the present objectors are men who frequented, more or less, billiard halls from 5 to 20 years ago and they imagine conditions are the same today as they were then, and they would rather their boys did not have a chance of the same. For the benefit of those who say that they are entirely mistaken, and a present day examination of conditions would undoubtedly change their opinion considerably. I notice the Rev. Brough says that most of the customers would not patronize the pool rooms unless they could gamble. Now I wish to correct the rev. gentleman by saying that the billiard halls are entirely too slow for the class that wish to gamble, and if he would open his eyes and look around he would be able to find places where he could see real gambling which would make his head swim, and because our places of business are on the main street, with the front and back doors and windows wide open, that as far as he can see, and he consequently chokes at the gam and swallows the camel. I would say, if the billiard halls were closed, the boys would know

where to go, as the last resort; they simply have to. I am not saying this to try to make trouble for any one else, but merely to illustrate the fact that there are people who must agitate about something, and the easiest thing found answers the purpose, even if it is by far the smallest. While I am on the subject of gambling there is another matter that I would like to bring up. There is absolutely no connection whatever between the name pool and the game of billiards. The word pool suggests gambling and makes a lot of people think who don't know the difference, that our places are gambling houses and not billiard halls at all. None of the large manufacturing and distributing houses for billiard supplies recognize the word pool at all. They are endeavoring to have the word done away with in connection with billiard halls on this account.

My information as to how the word pool came to be used is that in years gone by, principally in the United States, there were large pools run on horse races, ball games, prize fights, etc., and the results were generally received by wire at the different billiard halls. This practice was carried out to such an extent that finally the places got to be called pool rooms instead of by their right name, and it still clings to them, although the pools themselves have long since been discontinued.

The next subject of complaint, and the only one for which there is any justification whatever, is the bad language, and this is greatly exaggerated. This is the hardest matter of all for the proprietors to handle, as it doesn't matter how you look at it, it is a difficult proposition to stop anyone in any place from talking, but I will say this, in the past twelve months the rough talk has been cut down at least 50 per cent, and if the proprietors are left alone to work the matter out, I honestly believe that in a very short time it will be entirely eliminated, and believe me, none will be more pleased than the proprietors to handle, as it doesn't matter how you look at it, it is a difficult proposition to stop anyone in any place from talking, but I will say this, in the past twelve months the rough talk has been cut down at least 50 per cent, and if the proprietors are left alone to work the matter out, I honestly believe that in ALL LABOR MEN

UNWAVERING FOR WINNING THE WAR

PRESIDING OFFICER OF BIG BRITISH CONFERENCE MAKES POSITION PLAIN.

London, June 26.—At the opening of the conference of the Labor party here this morning, W. F. Purdy, the presiding officer, made it clear that there would be no wavering among the members of the party in their determination to bring the war to a successful conclusion. Having spoken of the necessity for reconstructing the party, chairman Purdy said: "But let us not forget that all plans for reconstruction and all hope of rebuilding a better social and industrial life after the war depends on one cardinal fact—namely, whether we will it or not is ever present—and that is the winning of the war. The not winning of the war out of a spirit of vengeance, but because labor the world over has everything to gain by the crushing of that spirit of militarism and domination which has been the outstanding policy of the central powers for generations."

GERMANS SHOWN UP.

"The Russian and Rumanian peace conditions," continued the speaker, "throw an illuminating light on the peace terms they would impose if they obtained victory. We cannot and will not accept any such terms. The trade union labor movements have declared that they want no inconclusive peace. The war aims of the movement represent what we are fighting for. These principles admit of no compromise. They represent the principles on which, we believe, a genuine and world-wide peace can be secured." Mr. Purdy appealed for unity in the party and the nation without which, he said, their war aims could not be secured. As far as labor was concerned, he declared, after the war a strong industrial organization, backed by a strong political labor party, was the hope of the future. In addition to many British representatives the conference was attended by Albert Thomas, French Socialist leader; Hjalmar Branting, the prominent Swedish socialist; Emile Vandervelde, the Belgian minister of munitions, and Camille Huysmans, the Belgian secretary of the International Socialist organization.

BRITISH LABOR ENDS TRUCE IN POLITICS.

London, June 26.—The British Labor party, at its conference held here today, passed a resolution to the effect that the party political truce, which has been in effect in Great Britain since early in the war, should no longer be recognized. Delegates representing 1,704,000 votes favored the resolution, while representatives of 915,000 votes were against it.

GETTING DOWN TO BUSINESS

"A magazine sent a photographer from the city out to my farm to take some pictures to illustrate an article on dairying." "Snapped your herd all over the place, eh?" "Hard, nothing. He took nine pictures of my eldest daughter, three of the next one to her, a couple of the climbing roses on the front porch, and finished off with the neighbor's girl climbing an apple tree."

Lay In Your Coal

Have you considered the necessity of laying in your stock of winter coal now? Some people have.

We have had two to three teams on the go this last month, and have put in almost as much coal as in the regular winter season. But there are others.

The Government war demands in the coming months will tax the railways to the limit. Manitoba has to get her coal from Alberta this year.

We urge you to get in your coal now if at all possible. Somebody will come short next winter. Will it be you?

When you are buying get the best—SAUNDERS CREEK

We have others, if you want a variety.

ENEMY PROPAGANDA IS RIFE IN CANADA

FRANK YEIGH WARNS AGAINST INSIDIOUS CAMPAIGN BEING WAGED THROUGHOUT WORLD

The menace propaganda throughout the world was convincingly put before the people of New Westminster when Frank Yeigh, of Toronto, addressed a well-attended meeting in St. Andrew's church last week. Mr. Yeigh is the active head of the War Lecture Bureau in Canada, which has its headquarters in Toronto, and the meeting was held under the auspices of the local branch of the bureau. "We are living in a testing time," said the lecturer. "All the ages and all centuries are testing times, for no age escapes it, but it seems to us that this is the supreme testing time." Mr. Yeigh declared, "It was not only a testing time of nations but of individuals, of religion and men everywhere. The British Empire was included in the test and it remained to be seen whether like Rome of old, it fell or whether its world would continue."

HAVE TO DEAL WITH HUNS
"We have had to deal with the Germans in a way that they have never been dealt with before," Mr. Yeigh pointed out. "It was a mistake to think that the poison propaganda emanating from Germany was a thing of the past. It was also a mistake to think that it was a matter that concerned only Europe, or even the United States. A person who held this belief was living in a fool's paradise. While Germany sowed the seeds of Satan's thought years before the war it was more dangerous and more insidious than ever. As an example, the speaker instanced the collapse of Russia. For some months before the downfall, German propaganda printed in Berlin in Russian language and type, was flooding Russia, with the result that it proved to be an important factor in the disintegration of the nation. It was only a short time ago that similar means were being employed in Italy, while Spain, to quote Carl Achenman, was being bedeviled with the same propaganda. This German influence was felt in China, Japan, and close at hand in the United States. There were hundreds of thousands of German American societies spreading

FOREIGN SOCIETIES

Quoting a Canadian senator as his authority, Mr. Yeigh referred to the menace from foreign societies in Saskatchewan. There organizations of a Germanic turn were for the present lying low but the danger was not over. Mention was also made of the Russelites, or the members of the International Bible Students' Association, the speaker pointing out that only a few days ago six prominent leaders of the movement in the United States were sentenced to twenty years' imprisonment. Yet, he said, there was a meeting held Sunday in Vancouver of the followers of Pastor Russell. One of the objects of the War Lecture Bureau was to counteract this propaganda. Another aim was to keep the morale of the people at home intact and to mould public opinion. In 300 Canadian cities and towns branches of the bureau had been formed and in the west a remarkable response to the movement had been given. In conclusion Mr. Yeigh pleaded for a greater unity of action. Let the people, he said, be careful of harmful criticism of the government and check up the man who talked dangerously, carefully or thoughtlessly.

J. S. Bryson, president of the New Westminster branch of the bureau, acted as chairman and in his opening remarks referred to the objects and formation of the bureau. Rev. Alexander Dunn conducted a short service at the close of the meeting.

'City Renders Practical Help in Greater Production

It is not often that the residents of a city have an opportunity of seeing farming operations on a large scale carried out right at their own doors. Even in Western Canada, where hundreds of thousands of acres of virgin land are being turned over and cultivated in order to raise increased crops of wheat and other food grains to supply the needs of the Allies, the spectacle witnessed by the citizens of Calgary, Alberta, recently was an unusual one. Not far from the centre of the city—about a mile from the city hall to be more exact—two hundred acres of vacant land were to be put under the plow. The use of the land had been granted to the city of Calgary through the courtesy of the Canadian Pacific Railway Company, the owners.

But how was such a tract of land to be plowed when the demand for all kinds of machinery is so great that it cannot be delivered to the farmers fast enough. That was the question asked by many of the city fathers. The implementation of the plan came to the rescue. A day was set when the plow should be begun. Telephone and telegraph wires were put into operation. And by the date set seventeen tractors and their requisite plows and other implements were got together. One large tractor rolled sixty miles over the country in order to participate in the event.

Seldom has such an array of farm machinery been concentrated on an area of two hundred acres. Never, perhaps, has such an area been broken and cultivated in shorter time. Although there was no competition all engaged were animated by the good they were doing in the cause of greater production. Furthermore, the machinery was wanted in the country, and it must not be left in the city. Unfortunately rain prevented the work being completed in one day, an achievement which would have constituted a record not easily surpassed.

A crop of oats, potatoes and flax is now grown on the land and it is hoped that this will add considerably to the production now so eagerly

desired. The illustrations show the workers on the land.

BULGARIA FEARS U.S. FORCE MAY CHANGE THE BALANCE

PAPER SUPPRESSED BECAUSE OF ARTICLE ON STRENGTH OF THE U.S. ARMY.

Paris, June 24.—According to La Liberté's Geneva correspondent, quoting dispatches received from Sofia, Bulgaria, the Journal Mir, of May 27, was suppressed by the military authorities because of a sensational article which was inspired by the strength of the American army in the war. The article said in part:

"We have had enough of war in our country, which has not ceased for three years to pay with its blood and its resources, political as well as military. Situations have completely changed and they will cause radical modifications in the international situation."

The newspaper adds that alliance with the central powers was not profitable to Bulgaria except in the case of certain victory, whereas the Bulgarians today must look at another perspective. The Americans were referred to, though not named, in the paragraph of the article, which follows:

"The equilibrium depends upon the new factors which have entered the struggle, and this change in the situation is of paramount importance for small peoples, above all, for the Balkan peoples."

FOOD DEALERS LICENSED.

Canada's new system of license control of dealers in foodstuffs involves over 50,000 retail establishments and about 25,000 wholesalers. Of the total number of retailers there are 30,000 grocers, 16,000 butchers, 50,000 public eating places, 5,000 bakers, 2,000 fish dealers, 4,500 fruit and vegetable dealers, and 4,000 produce dealers.

OFFERS AIR PLANE TO FLY ACROSS THE ATLANTIC.

New York, June 27.—Signor Caproni, the Italian airplane inventor, already has a machine capable of flying across the Atlantic and is ready to send it to this country or to build one here, according to his plans, the executive committee of the Aero Club of America was advised last night by Lieut. Belloni, of the Royal Italian flying corps. Hundreds of aviators, he declared, would willingly undertake the initial flight.

The plan, it was stated after the meeting, will be laid before the proper government officials in Washington, with the recommendation that Signor Caproni's offer be formally accepted through the Italian government.

RUSSIA'S DEPLORABLE STATE

Bolesheviki doctrines have brought Russia down from one of the greatest food-producing countries on the globe to a condition of starvation. Drunk with liberty, which they did not understand, filled with idealistic notions about the equality of men, and lacking individual initiative, production in Russia has practically ceased according to the evidence reaching the outside world. Transportation and distribution is so disorganized that even the peasants of the land producing their usual amount of foodstuffs, the people in the manufacturing population would starve without the necessary food supplies to sustain them in safety and comfort. Unless the people of Russia steady down and organize themselves or allow other authorities to organize them, there is a possibility of one of the most important disasters to a nation and a great people that ever occurred in history. Without authority for whom they have fear and respect, the Russian peasant seems to be without any sense of responsibility for the nation at large. In their reaction against property owning, they have destroyed the goose that laid the golden eggs. We read of peasants in certain villages having gone to such extremes as to seize the cattle of the local land owner, now depopulated, they have turned them loose. Without the old motive of compulsion to cultivate the land for the land owner, now that the land has reverted to the peasants and they themselves are the owners, they have neglected to work and to produce the necessities of life. To such a loss is the nation drifting that recent dispatches have reported that the socialist government of the present day Russia are sending plenipotentiaries to China, the formerly despised and so-called decadent neighbor to the east, to make arrangements for provisions to tide them over the winter. It is difficult to imagine China, one of the most densely populated areas in the world, living largely on rice and meagre fare, having sufficient surplus to feed 150,000,000 people in starving Russia.

Bolesheviki is sometimes quoted in this country as an ideal worthy of imitation. The pass to which Bolshevism has drifted is a warning that Bolshevism and insanity are not very far apart. The nation that will weather the storm of this war the best is the nation that organizes itself most strictly, and disciplines itself most strictly. Production must be carried on to the limit of our powers. Destructive criticism and petty fault finding are weaknesses and dangers. Unity of purpose and constituted leadership is essential. It is a case of a strong pull, a long pull and a pull together. Men must be found for the army, for munition making and for food production. Non-essential industries must provide men for essential industries. Women in this country must take the places of men to the limit of their power when called upon. Farmers must recognize the necessities of war and the public in general must unite to save the harvest of 1918.

DISTRICT COURT
(Before Judge Mahaffy)
Sorelle et al. Action against John and Alfred Baker, farmers near Ponoka, for breach of a contract. The defence was that John Baker had entered into agreement with the plaintiffs to share the output of another party, in the absence of the plaintiff, and this party, who was in the employ of the plaintiff at the time was now at Ponoka. After John Baker had had the threshing done he sold the place to his brother Alfred. The judge could not see how he could hold Alfred Baker responsible for a threshing contract with which apparently he had nothing to do, but gave judgment against John Baker for claim and costs.

MASONIC INSTALLATION

The members of Kenilworth Lodge No. 29, A.F. & A.M., had a very enjoyable and inspiring meeting at their installation on Monday evening, June 24, when they were favored with a visit from Most Wor. Bro. S. V. Taylor, P. Wor. Bros. Selwood and Downie. Most Wor. Bro. Taylor, after the installation gave a summary of the proceedings of Grand Lodge, which was held in Edmonton in the latter part of May, speaking particularly of the Masonic Great War Relief Fund. About \$15000 had been raised last year, and an effort will be made to bring the amount up to \$25,000.

PRESBYTERIAN PICNIC

The picnic of the Presbyterian congregation and Sunday School was held on Wednesday afternoon at the Fair grounds. There was a good attendance of adults, though some were kept at home by the storm clouds. The children, as usual, didn't see any clouds, and their attendance was very good. Just what the doctor ordered. An occasional shower made everybody make the most of the day, and the picnic to the fun of the day, as no one got wet, thanks to the good accommodation of the Fair grounds, the use of which the congregation appreciated. The ladies committee, with Mrs. McLevin as convener, had everything in order in the refreshment line, while the sports committee, with Sandy Moyes as convener, had something doing all the time. It was agreed by the spectators of the married women's race that if some of them had only trained when they were young, they would have made a record on the cinder track. The spirit is a plant that everybody ought to value. If cultivated with the boys and girls it will grow just like timothy hay in central Alberta.

PUBLIC SCHOOL BOARD

Increase Salaries of Teaching Staff

The Public School Board met on Wednesday evening to consider the staff for next season. There were present Mr. Gaez, chairman; Mr. Payne, Mr. Stephenson, Mr. Welton, and Principal Locks.

Arrangements for 1918-19 Rooms The Principal reported that two eighth grade rooms would be needed in September, as there would be sixty pupils in that grade; there had been two seventh grade rooms the past year. There would be an average of 44 pupils per room next term, as near as he could figure out, with accommodation for 48 pupils per room. He believed it would be better to have the second eighth grade room in the High School building, instead of the fifth grade which had been there the past term. The assigning of the teachers to the various rooms was left to the Principal.

The Board authorized supplementary readers for the North Red Deer school, and two sets of blackboard drawing instruments. It also favored the Principal's and Miss Nelson's suggestion that medals be given to increase interest in debating in the High School Literary Society.

The Teachers Alliance wanted several open meetings with parents next term to exchange suggestions, outline plans, etc. The Principal also spoke of some work done gratuitously by the parents to give boys and girls leaving school some idea of teaching methods, and an extension of the same for mothers to use the public schools to some extent. A new service flag was also in view, and a patriotic program as a feature in the fall term. The 1917 High School Potato Fund was to be used next Christmas to send comfort boxes to High School boys overseas, together with the 1918 yield. The Board will make arrangements to look after the boys during the summer. Teachers Engagements and Salaries Owing to the effect of the 1918 school legislation fixing the minimum salary in an ungraded school at \$840 for the school year, the Board felt it necessary to increase the public school teachers' salaries \$50 to \$100 each, according to circumstances and length of service, making a total public school staff increase of \$1,070. Miss Springbett was resigning to Vancouver, owing to family considerations and Mrs. Holt, formerly Miss Patterson, who has been teaching in England, was re-appointed to teach at North Red Deer. In case there is another vacancy, as appears possible, the Board decided on the appointment of Mrs. Holt. The salaries of the three High School teachers were fixed at \$1550, \$1550 and \$1350, an increase of \$100 each. The Board figured out that the three teachers were covering the work usually allotted to our teachers, and that the percentage cost per pupil on last year's enrollment was lower than that of any high school in Alberta. The present Public and High School teachers will be offered an engagement on the basis of salaries set.

The Strathcona Trust forwarded \$144.44 grant following 1917 cadet inspection.

The McLaughlin Valve-in-Head
Five Passenger Touring Car. E-SIX 45 SPECIAL

The McLaughlin E-45 Special appeals to Canadian motorists because it touches the family pride. A person who is proud of his work, proud of his family, proud of his home, is likely to be discriminating in the selection of his motor car.
The E-Six-45 Special has an enviable reputation for its artistic lines and luxurious appointments. Wherever the car travels, on city boulevards, the park, or through country highways, it arouses enthusiastic admiration from all who see it.
McLaughlin supremacy has been established by the good service and satisfaction McLaughlin motors are giving. The D-45 Special has done more than any other single model to establish this supremacy. The E-Six-45 Special embodies all the good features of its predecessors, with added refinements, such as longer wheelbase, full "U" door, etc.
This model is a replica of the E-Six-45 with respect to chassis, motor and transmission and all mechanical features. The special appointments include a top made of genuine English Burbank top material with natural wood bows, and nickel plated steel rods; special mahogany instrument board with recess for speedometer and clock and locked compartment for small parcels. A tonneau light, and locked compartment in front of tonneau.
This car is beautifully painted in overseas blue, with black fenders and chassis.
In all points of merit to a motor car the McLaughlin E-Six-45 Special is a new triumph in beauty, power, efficiency and economy. The special appointments, any five passenger car ever built in our factories. This model is a source of pride to the owner as well as the manufacturer.

Corp. Ivan Greene has been the guest of Mrs. McBride during the past week. His many friends are pleased to see him back again after three years' service at the front, he having joined up with the glorious 15th C.M.R.'s with Chas. McBride. He was invalided home. He is on leave from depot headquarters, Calgary.

C. W. Parke attended a rather unique entertainment at Clear last week. It was their annual day of sports, and this year it took the nature of a barbecue. An ox was roasted whole on a gridiron of stakes, and served to the people on paper plates. This was one of the first barbecues ever held in Alberta, the Press Association having held one at Edmonton some years ago.

A special meeting of the Great War Veterans' Association, Red Deer district, will be held in the club room on Sunday, July 7th, at 3 p.m. for the purpose of drawing up resolutions for submission to the Dominion Convention at Toronto, also to give instruction to our delegate, Comrade R. C. P. Gies. As this matter is of the most importance, every member is earnestly requested to make an effort to be present.

The regular monthly meeting of the W.C.T.U. was held at the home of Mrs. Ramsey on the afternoon of June 28th. This being mothers' day and flower day, the program, which was in charge of Mrs. Houston, was particularly interesting. The meeting was opened by singing "My Mother's Prayer," followed by the Bible reading and prayer. The Misses Ramsey rendered a duet, "A Starry Night," in a very pleasing manner. Mrs. Houston then turned a reading, "Mother and Child," which was followed by an interesting discussion. Mrs. F. W. Goetz read a poem, "Mother," and Mrs. Seearne a very nice article on "Canada's Beautiful Flowers." With the help of the young girls, bouquets of flowers were sent to the nurses and patients at the hospital. After the program the members enjoyed the hospitality of the home.
